**YAC TESTIMONIES**

**Bucyrus UMC Youth**

**Text: John 14:27**

This Sunday is Youth Sunday. The youth are providing their testimonies from YAC (Youth Annual Conference) in replace of the sermon.

This year at YAC, I learned many things. Whether it was about my friends and family, or God. It was a very good time to bond with your friends, but most importantly, build a greater relationship with God. One thing I learned is that even though our parents were born in different years than us, they still went through the same amount of stress as us. Even though it might not have been stress from the same thing, they still understand what it is to be stressed out.

At YAC 2019 I learned that you don't have to have a specific time for prayer. I learned that you can do it while you're doing other things, like driving, working, or doing work around the house etc.

A lady came in and talked about her family, I've tried to keep my faith personal. But I've realized through the ladies stories that you have to have family that keeps you safe in your spiritual battles and walks with you.

This year at YAC I learned many things whether it was from the speakers or devotions with the people who went from our church. One thing that stuck out to me is that you can't create your own peace. You have to receive it from God, which makes it even better and more reassuring.

YAC was a great experience, and taught us a lot about where and how to find peace in our lives. I found that drawing was very good at helping me relax and find that peace. The days were very enjoyable and it was fun to be around so many friends.
